

Simple. Easy. SmartPay.

Lead with leasing and let your customers shop with no credit required for the phone they want and the accessories that are right for them – all with low monthly payments that they can afford.

PROCESS

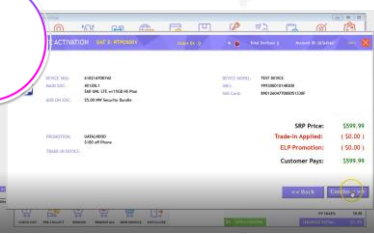

1

Step 1

Start a new customer transaction and select “Start/Continue SmartPay App” option and enter the required customer information in the SmartPay Dashboard.

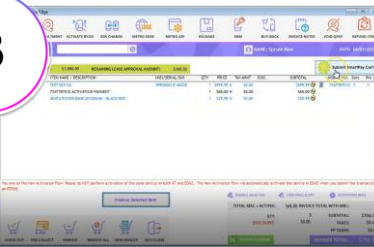

2

Step 2

If approved, you will see a confirmation in RTPOS. Follow the standard transaction process and confirm the phone, accessories, service plan and any additional add-ons

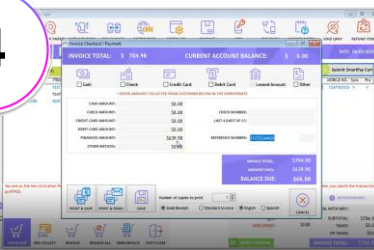

3

Step 3

On the final invoice, select the leased items and the “Finance Selected Items” button. If there is a remaining amount on their approval, customers can add additional accessories

4

Step 4

Select “Submit SmartPay Card” and complete the transaction in the SmartPay dashboard.
